

## COVID-19 Vaccine in Ferry, Stevens, and Pend Oreille Counties

The ability to receive the vaccine is highly dependent upon vaccine availability and scheduling limitations. If you meet the eligibility criteria noted below, we recommend that you visit the website and social media pages for your local health care provider to see if they have instructions on how they would prefer you complete your scheduling to receive the vaccine.

### **Currently Scheduling/vaccinating (depending on availability): Phase B1**

- **All people 70 years or older**
- **All people 50 years or older in a multigenerational household (home where individuals from 2 or more generations reside such as an elder and a grandchild)**

If you do not fit the above eligibility criteria, please wait to call for an appointment until your group becomes eligible. This will allow more efficient movement through each phase. You may visit [www.findyourphaseWA.org](http://www.findyourphaseWA.org), an online tool that will assist individuals in determining eligibility for the COVID-19 vaccine and provide an email or phone number that will notify you when your group does become eligible.

Eligible **Phase B1** individuals can contact the following vaccine providers in the area:

#### Ferry County

##### **Ferry County Health**

[www.fcphd.org](http://www.fcphd.org)

509-775-8686
